

# alumnispotlight

**As she was growing up on a farm near Herman, MN, Stephanie (Vipond) Richman loved to play basketball. It was her love of basketball that helped bring her to NDSCS.**

**“The small class sizes, great location, and the desire to play Wildcat Women's Basketball drew me to NDSCS.”**

Stephanie Richman

**Some of Stephanie's favorite memories of NDSCS are associated with her time as a Wildcat Women's Basketball player. She recalls long bus rides and weekends with her teammates as especially memorable experiences.**

**Stephanie was not only a basketball standout, she was an excellent student. Stephanie credits the rigor of the courses and the dedication of her teachers at NDSCS as key factors in her academic success. The courses she took at NDSCS were fully transferrable to North Dakota State University, where she earned her Pharm D. in 2006.**

**Stephanie's ties to NDSCS are strong. Her husband, David Richman (also an NDSCS graduate), is the son of NDSCS President, Dr. John Richman.**

## Stephanie Richman
