15.	PP-EX	PLUMBING EXAM	2002	F 8	60	\$195.00

The minimum Federal standard for Related Instruction is 144 hours per year. A four year apprenticeship would require a minimum of 576 hours of Related Instruction. (144 hours per year) The courses listed above have a total of 1,118 hours which would be more than twice the proposed requirement. Typically a business or apprentice would pick the courses which would pertain to their business and/ or individual needs and would only use about half of the above list. New apprentices must also complete the NDSCS Admission Application. Please enclose the total amount due at the time of your order. Selected courses are available at our web site [www.ndscs.edu/outreach/relatedstudy](http://www.ndscs.edu/outreach/relatedstudy).
